Title: Enterprise Customer Complaint Policy

Version: 1.5

Document Type: POLICY

Category: Complaint Policy

Effective Date: 2024-03-01

1 Customer Right to Grievance Redressal

Every customer, merchant, and corporate client has the right to log formal complaints regarding service lapses, rider misconduct, delivery delays, and tariff disputes via the SupportNova platform.

2 Ticket Categorization and Acknowledgement

All incoming tickets must be categorized under approved taxonomy codes and acknowledged via automated SMS and email within one (1) business hour of submission.

3 Single-Point-of-Contact Ownership

Once assigned, the designated support agent retains ownership of the complaint until full resolution, ensuring seamless cross-department coordination without customer bounce.

4 Zero Cash Settlement Protocol

Zero cash settlements are permitted at agent level. All financial compensations and fee adjustments must be formally routed through Billing & Accounts (DEPT-02) and credited via IBFT only.
