

Merchant Portal and Technical Product Support Guidelines

Document ID: DOC-023

Title: Merchant Portal and Technical Product Support Guidelines

Version: 1.0

Document Type: POLICY

Category: Product-Support Guidelines

Effective Date: 2024-02-15

1 Merchant Portal Access and API Keys

Merchants can generate bulk booking manifests, thermal shipping labels, and REST API webhook integration keys via the SupportNova Merchant Dashboard.

2 System Outages and Bug Reporting

API errors, barcode generation failures, and tracking sync glitches must be reported with full JSON payload logs to Technical Support.

3 Scheduled Maintenance Windows

Routine portal maintenance is conducted every Sunday between 02:00 and 04:00 PST. Advance notifications are posted 48 hours prior on merchant dashboards.
