

Hazardous Materials and Dangerous Goods Transit Policy

Document ID: DOC-025

Title: Hazardous Materials and Dangerous Goods Transit Policy

Version: 0.9

Document Type: POLICY

Category: Other

Effective Date: 2026-01-01

1 Lithium Battery and Flammable Liquid Transport

Draft guidelines mandate specialized UN-certified hazardous packaging, diamond safety labeling, and dedicated ground transit fleet for consignments containing lithium-ion batteries or flammable aerosols.

2 Emergency Incident Response

In case of chemical spill, leakage, or smoke emission in warehouses, Safety & Risk (DEPT-08) initiates immediate evacuation and coordinates with civil defense authorities.
