

Parcel Replacement and Re-Dispatch Policy

Document ID: DOC-011

Title: Parcel Replacement and Re-Dispatch Policy

Version: 1.2

Document Type: POLICY

Category: Replacement Policy

Effective Date: 2024-04-15

1 Eligibility for Courier-Funded Re-Dispatch

RaftarXpress funds 100% of re-dispatch freight charges when a delivery error is proven to be caused by internal route misdirection, damaged transit, or courier barcode mis-scan.

2 Merchant Replacement Fulfillment

For e-commerce merchant accounts, replacement shipments are assigned express priority lane tags and dispatched within twenty-four (24) hours of claim authorization.

3 Reverse Pickup Coordination

Replacement delivery and defective item pickup must occur simultaneously where reverse logistics services are active, reducing customer wait times.
