1 Volumetric and Dead Weight Calculation

Freight charges are billed based on the higher of dead weight or volumetric weight calculated using the standard formula: $(\text{Length} \times \text{Width} \times \text{Height in cm}) / 5000$.

2 Fuel Surcharge and Tax Invoicing

All corporate invoices include the prevailing monthly variable fuel surcharge and applicable provincial sales tax (PST/GST) in full compliance with FBR regulations.

3 Billing Dispute Resolution Period

Clients must register invoice weight or tariff disputes within fifteen (15) days of monthly invoice generation. Uncontested invoices become final and payable upon expiration.
