

Customer Refund Policy

Document ID: DOC-001

Title: Customer Refund Policy

Version: 2.0

Document Type: POLICY

Category: Refund Policy

Effective Date: 2025-07-01

1 Scope and Applicability

This policy governs all refund requests submitted by individual consumers, retail merchants, and corporate freight clients for failed, returned, or overcharged courier shipments processed by RaftarXpress Logistics across Pakistan.

2 Eligible Refund Timelines

Customers are eligible to claim a refund within seven (7) business days from the recorded delivery or delivery-failure timestamp. Claims filed after seven business days shall be automatically rejected unless granted special executive exemption.

3 Condition of Returned Goods

All physical refunds require the parcel to be returned with original outer packaging, unaltered shipping manifest labels, and intact security seals. Items damaged due to merchant packing negligence are strictly non-refundable.

4 Disbursement Methods and SLAs

Approved refunds are processed solely via Inter-Bank Funds Transfer (IBFT) or RaftarXpress Wallet credit within five to seven (5-7) banking days. Cash disbursements by couriers or regional dispatch hubs are strictly prohibited under company anti-fraud protocols.
